Our goal is to provide a professional and passionate faculty, master classes and varied performance opportunities for our students; whether their intent is studying for a career or solely for enjoyment. In addition, our hope is that each person becomes technically proficient as a dancer, singer, actor or all of these, while learning the importance of how to connect with the audience, allowing them to feel all the emotion of what they do on stage. All this, while never forgetting that having a gift is wonderful, but sharing that gift to make our community a better place should be the ultimate goal. Art without humanity is emptiness.

Our class schedules are created with the goal of giving our students a wide variety of professional instruction for each of the different dance disciplines, following a ballet and dance syllabus. Classes are added and created upon student demand or suggestion. We offer instruction from age 3 to adult.

**Level 2 and up, by teacher placement.**

**Angels In The Wings+** A performing program for students with special needs.

**Vocal Performance Group \*\*** This program is designed for the serious vocal student. Participants will develop their vocal skills, learn to harmonize while working in the Musical Theatre genre...just like the hit show GLEE! They will learn to work monologues as well as scenes and musical theatre blocking.

**Variations with Alexi \*** Pointe' students will take class en pointe'

**Rhythm Tap with Jimmy Tate\*\*\*** Last Saturday of the month

**Floor-Barre Workout++** Students purchase class card in increments of 10 classes

**FarmingtonDANCE & Center for the ARTS** has several levels of Performing Companies. Students have the opportunity to enhance their performance experience through competition and additional performance experiences!

*Fun guaranteed! Stardom optional!*
