# THEATRE PERFORMANCE WORKSHOP

We offer serious musical theatre training taught by seasoned teachers and theatre professionals in a unique environment that's friendly, supportive, and fun!

**The Performance Workshop** is an intensive week long training program in which participants rehearse and perform drama and musical theatre production under the guidance of the area's most esteemed faculty. **The Workshop** enables young artists to explore challenging, socially relevant material from the contemporary musical theatre world as they receive the intensive voice, movement and acting training essential for professional-level performance. Roles are open to experienced performers as well as those new to the craft. While the emphasis is on performance, students will also receive training in a wide variety of musical theatre disciplines during the rehearsal process, including: vocal production, acting a song, proper breathing technique, movement, building a character, ensemble acting, and more.

Performers throw themselves into **The Workshop's** program with abandon. At the end of every session students tell us they've grown over the summer—both as artists and as people.

June 20-24, 2016  
Ages 7 & up  
10am-5pm  
\$550.00

# DANCE INTENSIVES
